

FARMERS' INSTITUTES

Three of Them to be Held in the County

ABLE INSTRUCTORS ENGAGED

Farmers in vicinity of Kerrmoor, Washen and Karthaus will have opportunities to learn all about Scientific Agriculture at the meetings—Harrison Straw, Chairman.

Harrison Straw, chairman of Clearfield county farmer's institutes, has arranged programs of three institutes which will be held in this county early next month. At these institutes able instructors will be present to discuss the farmers and discuss matters pertaining to agriculture.

The first institute will be held in the Presbyterian church at Kerrmoor on January 5 and 6, beginning at 10 P. M., at which the following addresses will be the order of the day:

Addresses by H. M. Gooderham, "Adding value to farms by improving our stock."

"PROBLEMS NOT SOLVED"

Interesting Address by Secretary Kester in Y. M. C. A.

An interesting meeting was held at the Y. M. C. A. Sunday at 4:00 o'clock, when Secretary Kester talked on the subject, "Problems Not Solved." He briefly outlined several of the present day problems, among which are Mormonism, the drink evil, white slave traffic, crooked politicians and others, taking for his text the passage, "Watchman, what of the night?" declared that a new day was breaking, in which the young men of the nation would do their part in solving many of the perplexing problems of the day.

Mr. Kester possesses a pleasing personality. His style is vigorous and forceful, and his address was greatly enjoyed by the men present.

The male quartet was present and rendered several selections.

Two Men in Fight.

Two men indulged in a fight on Second street Saturday night and one of them came out of the fray with a broken leg and his nose badly smashed.

REORGANIZED FOR EFFECTIVE WORK

Brotherhood of Trinity Methodist Church Meet

Almost a hundred men attended a re-organization meeting of the Methodist Brotherhood at Trinity church on Sunday evening.

Wm. Boyce, the newly elected president, and Jos. E. Phillips the new secretary, were present.

For some weeks past the new officers have been working on plans looking toward the growth and improvement of the organization. At the meeting on Sunday evening, these plans were presented and received with enthusiasm by all present.

In the opinion of many the officers of the Methodist Brotherhood have evolved plans that should be largely copied by similar organizations. If the plans are carried out the membership may be largely increased without difficulty.

Among the committees to do active work is the social committee to look after the strangers who visit Trinity; a committee for visiting the sick and assisting the needy, a committee on cottage prayer meetings, etc.

The Trinity Brotherhood meets every alternate Sunday evening at 6:30 o'clock. A program of unusual interest is arranged at each meeting, each topic being discussed by four or more persons.

All men of Trinity church and all men of Clearfield not affiliated with any church organization are cordially invited to unite with this brotherhood.

AT THE OPERA HOUSE

Free Show and Christmas Treat for the Children.

Next Thursday afternoon, Christmas day, at 2.30 Capt. Clark will give his annual Christmas tree festival with a free show and a box of candy to each and every child under 12 years of age. The show will consist of 3 reels of motion pictures and Drako's Dogs the largest and best known dog show on the road today. This show will please the older folks as well as the children.

However, the two biggest features of the entertainment, in the eyes of the children will be the big Christmas tree on the stage, beautifully decorated and the patron saint of the children, old Santa Claus, coming down the chimney to distribute the gifts.

In addition to the above treat there will be the guessing contest on the boy and girl guessing the nearest to the number of pennies in the jar will be given beautiful sleds. The guesses can be handed in at any time and the winners will be announced at this matinee. Parents should bring their children to this entertainment.

The pennies and sleds are in the window of the Progress office, in the Opera House building.

Gift boxes of finest chocolates, all sizes from half pound to five pound at Mrs. Cuneo's.

FOR SALE—3 pure bred Collie puppies. Address A. C. Reed, R. D. 4, Clearfield. Phone or write. Dec. 14-31.

NEW STEEL CARS

New Coaches Running on the B. R. & P. Main Line.

For several days the Buffalo, Rochester and Pittsburgh railroad has been running new all-steel passenger cars on its trains between Pittsburgh and Buffalo. These cars replaced the all-steel cars which the company placed on the road about a year ago, and are the handsomest steel coaches that have been seen in this section of the state.

The cars are finished in mahogany and are fitted in a manner that pleases the traveler. The mahogany finish is restful to the eye as well as being ornamental.

The all-steel coaches which have been in use on the B. R. & P. for about a year are now in the shops for a thorough overhauling. When they have been repaired and refitted they will be used on the branch roads, and it will not be long before passengers between Clearfield and DuBois will be riding in all-steel cars.

A DOUBLE FUNERAL

The Two Victims of Mine Accident Buried at Woodland.

A very large double funeral took place at Woodland on Sunday, Dec. 21, at 2 P. M., those of Ephraim Calvin Learish, aged 35 years, 3 mo., 28 days, and James Albert Crummy, aged 21 years. Services in United Brethren church of Woodland. Interment in the Bradford cemetery.

The funeral was a specially sad one as the two men were killed by a fall of the roof while working in the Barrett coal mine together. Mr. Learish leaves a wife and seven children. Mr. Crummy leaves a young widow, who was a bride of only 24 days.

Rev. E. B. Learish of Dayton, Ohio, and Rev. I. J. Duke, of Rockwood, Pa., were in Woodland over Sunday, attending the funeral of Ephraim Calvin Learish, a rother and brother-in-law.

HETCH HETCHY ACT

President Signs Measure Against Private Tests of Public.

Washington, Dec. 22—President Wilson has signed the Hetch Hetchy bill, granting a public water supply to San Francisco. He accompanied his signature with a statement declaring that he believed the public needs of the region concerned were served by the bill without impairing the usefulness of the public domain.

The president's signature ends San Francisco's long fight for a city water supply site in the valley of the Tuolumne river in the northwestern part of the Yosemite National Park. San Francisco already owns a large amount of land in the Hetch Hetchy valley and under the new law may erect a huge dam, flooding government land, may construct conduits and buildings and construct a plant for the incidental production of water power to supply the city. It is expected that at least 10 years will be required to complete the work and carry the water through the 150 mile conduits to San Francisco.

The public protested against the desecration of the park, and an effort will be made to have the act repealed.

KILLED A BEAR

Members of View Point Club Have Good Luck.

Several members of the View Point hunting lodge were out to the camp Saturday and while there a large bear was killed and taken to Pittsburgh.

There is some dispute as to which of the members killed the bear as nearly every man in the camp shot at him. Prothonotary Moore is certain that his bullet struck the bear but his modesty will not permit him to claim that his shot slew the animal. Those who know Mr. Moore's skill and bravery in the hunting woods feel certain that he either killed this bear or had a hand in its death.

Funeral of Miss Young. The funeral of Miss Young, daughter of Mr. and Mrs. Joseph Young, of Mt. Joy, who died last week, was held in Clearfield this afternoon.

Ross & Woods received \$225 worth of candy on December 18, priced from 10c to 40c a lb. All fresh and high grade. Buy your Christmas candy here. Dec. 22-31.

Wanted—Pantry girl at Dimelins hotel. Dec. 22-24.

MURDERER NOT SENTENCED

Court Postpone Action in Case Until Later

NEW REASON ADVANCED

Defense Presents Affidavit in Which Burke is Alleged to Swear That He Did Not Tell the Truth on the Witness Stand—Depositions of Witnesses to be Taken.

When court convened this morning Judge Smith stated that he had expected to dispose of the Huff murder case, but that an additional reason had been presented by the defense why sentence should not be imposed upon the wife murderer, and a new trial granted, thus postponing the court's action in the case.

Messrs. Liveright and Woodward, counsel for the defense, presented to the court an affidavit from Robert Morris, in which Morris swears that he was told by Burke, the alleged paramour of Mrs. Huff, that he had told an untruth while on the witness stand. Burke swore on the stand that he had never had improper relations with Mrs. Huff. Morris now asserts that Burke told him that he—Burke—swore to a falsehood and that he had been intimate with Mrs. Huff.

Says It's Important. As the defense regarded the testimony of Burke as very important, in showing the cause of the failure, which Huff was thrown by his wife's conduct and as the court considered the alleged confession of Burke as sufficient reason for having the sentence of Morris investigated, the case was not disposed of this morning.

The depositions of the witnesses mentioned in the Morris affidavit will be taken as soon as possible, probably in DuBois, and then submitted to the court. The matter must be closed up before the first of January next.

Depositions Sufficient. James A. Gleason, Esq., represented the commonwealth in court this morning. Addressing the court he said that the best plan would be to have the witnesses in court in order that Judge Smith might have a chance to determine whether or not their testimony would be sufficient to determine in granting a new trial, but the court thought the depositions of the witnesses would be sufficient to determine this point.

COURT BUSINESS

Case Against Dr. Waterworth Stricken From List. In court this morning Judge Smith ordered the case of Lubens vs. Waterworth stricken from the list for cause.

Della Harrington, a girl from Utahville, was sent to the State Penitentiary, where she will be protected from falling into wayward ways.

Other motions and petitions were heard by the court and disposed of in accordance with Judge Smith's desire to have the docket pretty well cleaned up of such matters before the end of the year.

LACE FACTORY

Curwensville May Get One in the Near Future.

The Mountaineer states that Curwensville may have a lace factory in the near future. Philadelphia and Glen Campbell capitalists have purchased about 240 acres of land in Curwensville, upon which it is expected that the Way Muffler company, new of Philadelphia, will erect a plant for the manufacture of its goods.

If this lace mill shall materialize it will give Curwensville a boom such as the town never dreamed of.

Game Cancelled. The basketball game between the State College Independent and the Clearfield H. S. teams, which was to have been played here Tuesday night has been cancelled by the former team.

MONDAY, DECEMBER 22, 1913.

Good evening! See that your
Christmas spirit does not come in
a bottle.

The order of the State Live-
stock Sanitary board is that all
dogs not penned up, not being led
or not muzzled must be disposed
of. If you obey the quarantine law
you will save your dog from the
bullet of a representative of the
law.

Everybody seems to be worrying over
the probable result of the next
Moene court—everybody but Judge
elect Bell, who will have the dispo-
sal of the Moene applications.

Make somebody else happy on
Christmas, and you will find that
you will enjoy the day more.

SHOOTING THE DOGS.

The killing of dogs whose owners
have neglected or refused to obey
the quarantine order may appear a
heartless act, but the law must be
complied with. The quarantine was
established for the purpose of pre-
venting the spread of rabies in this
borough, where several persons have
been bitten by dogs which suffered
from rabies. It was necessary to
establish this quarantine, and the
burgess is determined that dogs that
are allowed to run at large shall
be muzzled or led by their owners.

Nobody wants to see valuable dogs
killed, but nobody can find fault with
the authorities for enforcing the
quarantine order, for to neglect to
protect the public from rabid dogs or
dogs that are likely to become mad
would bring condemnation of the peo-
ple upon the heads of the authorities.
For the next hundred days owners
of dogs should see that they keep
their dogs off the street, as this is
the most humane method of acting,
since muzzling is cruelty to the
animals.

PROGRESSIVE PLANS.

The conference of earnest lead-
ers of the Progressive party in ten
counties in this section of the
state, held at DuBois Thursday, was
productive of much good. The con-
ference demonstrated the fact that

Progressivism is not on the wane in
this part of Pennsylvania and that
there is just as much enthusiasm for
the cause of honest government, the
uplift of the people and exact justice
for all of the people as there was
when the four million voters stepped
up to the polls and cast their bal-
lots for the national Progressive
ticket last fall.

The appointment of workers in
each of the ten counties represent-
ed at the conference at DuBois was
the preliminary to the organization
of the entire district in preparation
for the fight at the primary elec-
tion next spring. It is proposed to
wage such a campaign for good
government next year as to cause
every honest voter to rally to the
cause of Progressivism. The com-
mittees which will be chosen at the
primaries will be comprised of men
who are earnest in their belief that
only through the Progressive party
can the people throw off the yoke of
tyranny which has been placed about
their necks by the bosses of the two
old political parties.

Nothing that has happened in polit-
ical circles since the revolt of the
fair-minded men who saw the Pen-
rose-Barnes machine steal the presi-
dential nomination at Chicago to
cause those voters who supported the
cause of Progressivism to regret that
step. Nothing has been done or
promised by the bosses of the two
old political parties to lead the
people to believe that these bosses
intend to do what the people ask.
The Progressive voters are not fool-
ed by the pleas of the Republican
bosses that they go back into the
Republican fold, but the truths enun-
ciated in the Progressive national
platform and uttered on the stump
by Progressive speakers have made
a deep impression upon the minds of
many voters who last year failed to
vote with the Progressive party.

Progressives in Clearfield county
and in the nine other counties
in this district are assured that the
campaign to be waged by that party
next year will be even more vigor-
ous than that of last fall, and that
with the assistance of those voters
who see the hopelessness of expect-
ing the Republican party to give the
people justice the Progressive party
will place in the gubernatorial chair
in Pennsylvania a man who is not
controlled by the Penrose machine, and
in the United States senate a real
representative of the better ele-
ment of the people of the state.

Miss Gertrude Gulich is home from
Williamsport to spend the holidays
with her parents, Mr. and Mrs. Geo.
W. Gulich, on Williams street.

Dr. C. E. Belcher, of Barnesboro,
was in Clearfield on Saturday.

James A. Gleason, Esq., of DuBois,
was in town today on legal business.

A. W. Leonardson and Joe Ben-
singer, of DuBois, were guests at
the Dimeling Sunday.

MONDAY, DECEMBER 22, 1913.

Good evening! See that your
Christmas spirit does not come in
a bottle.

The order of the State Live-
stock Sanitary board is that all
dogs not penned up, not being led
or not muzzled must be disposed
of. If you obey the quarantine law,
you will save your dog from the
bullet of a representative of the
law.

Everybody seems to be worrying
over the probable result of the next
license court—everybody but Judge-
elect Bell, who will have the dis-
posal of the license applications.

Make somebody else happy on
Christmas, and you will find that
you will enjoy the day more.

SHOOTING THE DOGS.

The killing of dogs whose owners
have neglected or refused to obey
the quarantine order may appear a
heartless act, but the law must be
compelled with. The quarantine was
established for the purpose of pre-
venting the spread of rabies in this
borough, where several persons have
been bitten by dogs which suffered
from rabies. It was necessary to
establish this quarantine, and the
burgess is determined that dogs that
are allowed to run at large shall
be muzzled or led by their owners.

Nobody wants to see valuable dogs
killed, but nobody can find fault with
the authorities for enforcing the
quarantine order, for to neglect to
protect the public from rabid dogs or
dogs that are likely to become mad
would bring condemnation of the peo-
ple upon the heads of the authorities.
For the next hundred days owners
of dogs should see that they keep
their dogs off the street, as this is
the most humane method of acting,
since muzzling is cruelty to the
animals.

PROGRESSIVE PLANS.

The conference of earnest lead-
ers of the Progressive party in ten
counties in this section of the
state, held at DuBois Thursday, was
productive of much good. The con-
ference demonstrated the fact that

Progressivism is not on the wane in
this part of Pennsylvania and that
there is just as much enthusiasm for
the cause of honest government, the
uplift of the people and exact justice
for all of the people as there was
when the four million voters stepped
up to the polls and cast their bal-
lots for the national Progressive
ticket last fall.

The appointment of workers in
each of the ten counties represent-
ed at the conference at DuBois was
the preliminary to the organization
of the entire district in preparation
for the fight at the primary elec-
tion next spring. It is proposed to
wage such a campaign for good
government next year as to cause
every honest voter to rally to the
cause of Progressivism. The com-
mittees which will be chosen at the
primaries will be comprised of men
who are earnest in their belief that
only through the Progressive party
can the people throw off the yoke of
tyranny which has been placed about
their necks by the bosses of the two
old political parties.

Nothing that has happened in poli-
tical circles since the revolt of the
fair-minded men who saw the Pen-
rose-Barnes machine steal the presi-
dential nomination at Chicago to
cause those voters who supported the
cause of Progressivism to regret that
step. Nothing has been done or
promised by the bosses of the two
old political parties to lead the
people to believe that these bosses
intend to do what the people ask.
The Progressive voters are not fool-
ed by the pleas of the Republican
bosses that they go back into the
Republican fold, but the truths enun-
ciated in the Progressive national
platform and uttered on the stump
by Progressive speakers have made
a deep impression upon the minds of
many voters who last year failed to
vote with the Progressive party.

Progressives in Clearfield county
and in the nine other counties
in this district are assured that the
campaign to be waged by that party
next year will be even more vigor-
ous than that of last fall, and that
with the assistance of those voters
who see the hopelessness of expect-
ing the Republican party to give the
people justice the Progressive party
will place in the gubernatorial chair
in Pennsylvania a man who is not
controlled by the Penrose machine and
in the United States senate a real
representative of the better ele-
ment of the people of the state.

Miss Gertrude Gulich is home from
Williamsport to spend the holidays
with her parents, Mr. and Mrs. Geo.
W. Gulich, on Williams street.

Dr. C. E. Belcher, of Barnesboro,
was in Clearfield on Saturday.

James A. Gleason, Esq., of DuBois,
was in town today on legal business.

A. W. Leonardson and Joe Ben-
singer, of DuBois, were guests at
the Dimeling Sunday.

NOTICE—Store Open Until 10:00 P. M. To-Night !

On account of the nearness of Christmas and desiring to give everyone the best store service the last few days before Christmas this store will remain open until 10 P. M. We have arranged the hours of all female help so that they work within the time specified by the State law. Some of our force commence at 10 A. M., some at 9 A. M. and some at 8 A. M., and those under age stop at 9 P. M.

GIFT CHATS

Each year is sold more and more warm Bed Covering at Christmas time, and never before has this store shown such wide range of choice, from a white cotton-filled Comfort for a dollar up to the silk-covered wool-filled one for ten dollars.

There are two reasons why our Linen Department is doubling the amount of sales over previous years. Never before have we shown so many pretty Linen pieces at such low prices as is now possible under the new tariff laws, and the tendency each Christmas season to the giving of more sensible, practical and useful gifts.

An appreciated gift—Silks for waists and gowns. We are showing many new and novel effects in plain and fancy Silks, put up in a handsome gift box.

If you are looking for a practical home gift where every member of the family will enjoy it every day in the year, get one of the pretty Floor Rugs shown in the Basement, priced special at 98c, \$1.50 and \$2.95 as to size.

Beautiful variety of Neckwear for Women still left. Fancy bows, fichus, jabots, stock collars, coat sets and rushings; comes in fancy boxes. Prices 25c, 50c, 75c, \$1.00.

How many of your friends do you suppose would be delighted with a Leather Suit Case or Traveling Bag for Christmas? We are showing some very excellent styles from \$1 up to \$10.

When you have turned your thoughts over and over in your mind regarding a Christmas problem, just remember that in the Muslin Underwear Department are dainty gar-

GIFT CHATS

ments, put up in neat attractive boxes that will make your friends real glad.

We are showing a decided novelty in the shape of genuine Oil Paintings from Tokyo, Japan. The dainty little Paintings cover a wide range of subjects: Tokyo Bay, Beautiful Snow-capped Fuji, Temples at Nikko and bits of Mountain Scenery are particular favorites. These make ideal gifts. They are being shown in Clearfield for the first time at our Stationery booth.

Silk Stockings for Women and Misses never yet have failed to make a hit at Christmas time. They will be mighty acceptable. In a pretty box they'll be sure to please. A wonderful assortment of styles, prices and colors.

For a young lady who indulges in Winter sports, we have a particularly good Sweater to tell you about. It is pure wool, Shaker knit, extra heavy coat, full fashioned and made with heavy shawl collar and two pockets. We have it in navy, maroon, red and brown at \$6.95.

We doubt if you could possibly buy anything for mother a Christmas gift that would please her more than a dress form, at \$3.50. Ask to see them at the dress goods counter. Home dressmaking made easy. A help to mother all the year.

For Mr. Man—A bill book, a combination bill and coin purse or a three-fold bill holder. Any of these—and he will like them.

For a small and inexpensive gift there are displayed in Center Aisle hundreds of pretty novelties at a quarter and 50c.

One of the busiest places in the store these days is the Perfume

GIFT CHATS

counter in Cross Aisle; the best of perfumes and toilet water in dainty Holiday boxes make nice gifts, inexpensive, too. 25c, 50c and \$1.00.

The form which gifts are presented often impresses the recipient as much as the gift itself. That is why we provide the pretty boxes in different sizes at 5c each.

Get him a Neck Scarf, Suspenders or Half Hose. We have them in separate or combination, put up in attractive boxes.

A Muffler is an absolute necessity to many a man and woman. There is no more sensible gift. We have some excellent mercerized styles at 25c and 50c, in most any color.

A pretty Handkerchief. Was there ever a time when Milady did not exclaim over it? You can please her immensely with some of these dainty embroidered Handkerchiefs that are to be seen at our Handkerchief booth for 10c, 25c and 50c each.

You can pay as little as 10c or as much as a dollar for a nice box of Stationery, and in any case you can make no mistake.

Toys at half price may seem a strange price card for the days before Christmas, but a visit to our Toyland in the Basement will bring you to a large table full of Toys, Games, etc., that are more or less soiled or mused from handling that will be closed out quickly for just one-half of former prices.

If you want to see some pretty Dressed Dolls for 25c and 50c each, visit Doll section in the Basement.

An Apron—why not? Pretty ones for 25c, sample of course, but dainty. Others, a little more dainty, made of finer, more sheer material and

GIFT CHATS

more elaborately trimmed, up to \$1.50.

For mother, wife or sister a warm Bath Robe will be most welcome. You'll find some new arrivals, priced \$5.00 each, that are rich and beautiful; delicate shades as well as the brighter and darker ones.

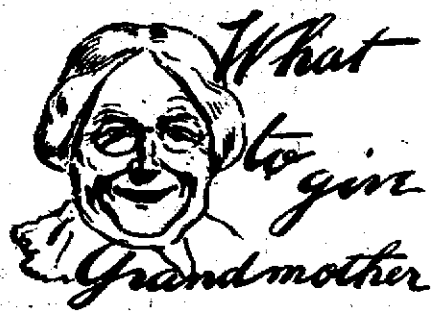

Pullman Slippers for the man or woman who has occasion to travel will be found a great comfort and convenience; made of thin leather in black or tan and put up in neat, soft leather case.

Can you think of anything that would please mother more than a Vacuum Cleaner for Christmas? Practical and useful every day of the year. \$8.00 Dustless Vacuum Cleaners, 5.95. \$12.00 Queen Louise Cleaners, \$9.50.

Nothing in Basketry is more is more admired than these highly artistic examples from Japan. Fruit baskets, Sandwich baskets, flower and fern baskets. All are beautifully colored in rich mahogany red, shading to black, at \$1.75 to \$2.50.

Sweet Grass Baskets in many pretty shapes and different sizes. Fill many an inexpensive gift problem, 25c to \$1.00.

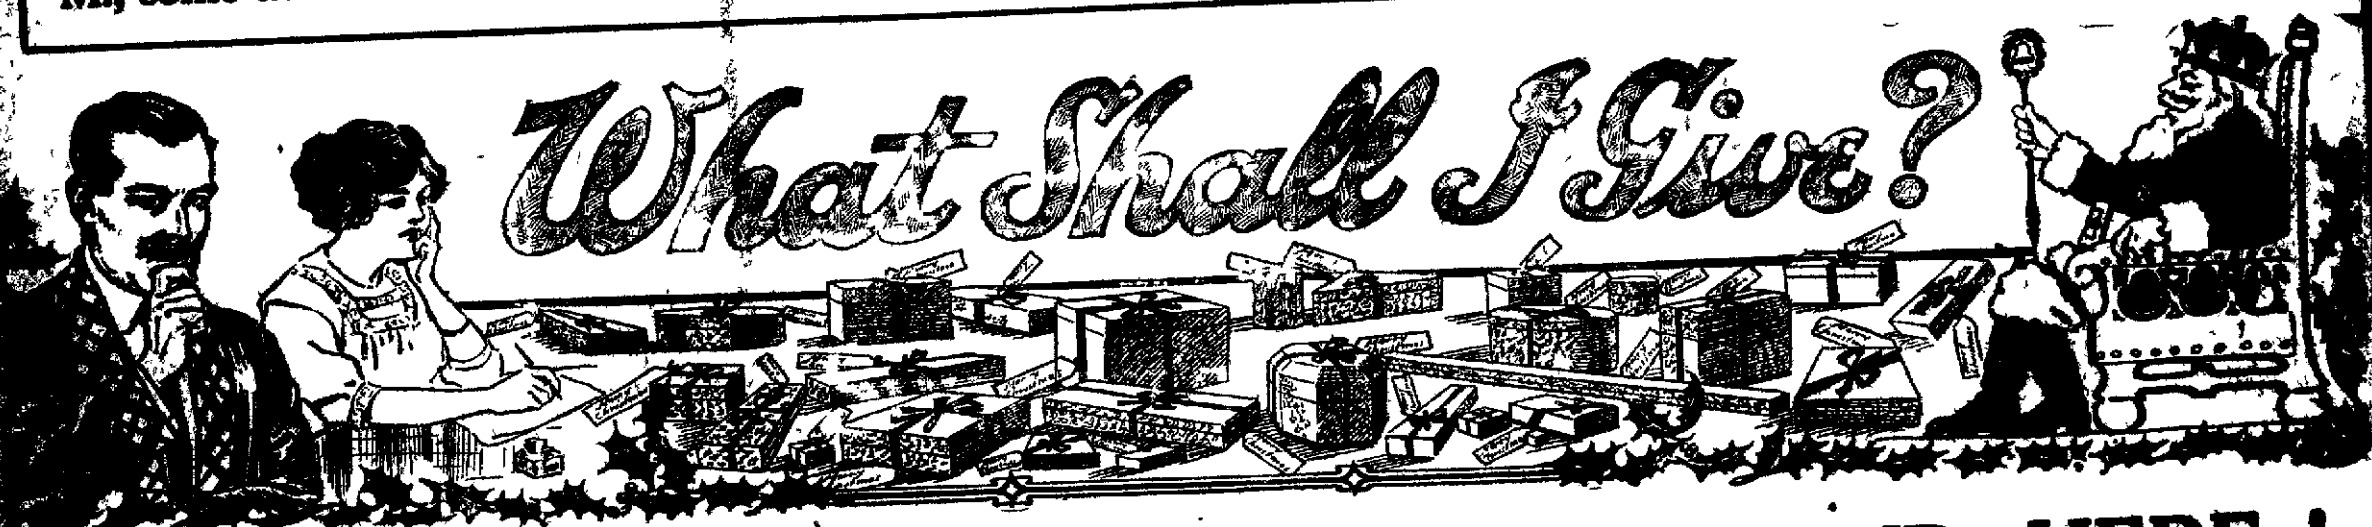

There is never a time in the year when one has too many Umbrellas. For that very reason you can never make a mistake by giving at Christmas time an Umbrella, nor will you find anywhere so fine a selection of new, up-to-the-minute Umbrellas as we are showing to-day, from \$1.00 up to \$5.00, in black and colors. The Suit Case Umbrellas, with two interchangeable handles and folding frame and silk cover, packed in neat black box, at \$4.00, is a practical, useful present. You need not hesitate to give it to anyone.

STEEL TRUST MAY FIGHT.

New York, New Haven and Hartford and Sugar Combination Said to Be Planning Voluntary Dissolution—U. S. Steel Corporation Expects to Win Suit.

Washington, Dec. 22.—Inquiry in official circles indicates that officers of the administration were satisfied that the agreement with the American Telephone and Telegraph company to dispose of its Western Union stock and otherwise comply with the demands of the department of justice soon would be followed by the voluntary dissolution of other mergers.

There is a confident feeling among those officials who have knowledge of the character of the negotiations now in progress between Attorney General McReynolds and representatives of the New York, New Haven and Hartford railroad system that an agreement soon will be reached for a settlement that will obviate any action in the way of government prosecution of the New Haven under the Sherman law. Advice received at the department of justice from Howard Elliott, the executive head of the New Haven system, show that he is making progress in his efforts to arrange a plan of voluntary dissolution that will meet the attorney general's requirements. Mr. Elliott is expected in Washington this week, and it is believed that he will come here armed with authority from his fellow directors to bring about the dissolution of the New Haven's troubles with the United States.

Sugar Trust May Be Next.
In official circles it is believed that the effort to have the American Sugar

Refining company dissolved as a combination in restraint of trade will be successful. It was said that these negotiations had not been of a formal character, but exchanges between the attorney general and representatives of the so called sugar trust had indicated that within the near future active efforts to have the sugar company conform to the law would be initiated. Officials were reticent in discussing the sugar company. They explained their reticence by saying that nothing tangible had been undertaken and did not like to create the impression that arrangements looking to a dissolution of the sugar combination were well under way. They did say, however, that there was good reason for the hopeful feeling.

Apparently there is no foundation for reports that an agreement is in prospect for a settlement of the government's suit against the United States Steel corporation. Officials of the department of justice were frank to say that the representatives of the steel corporation had shown no inclination to recede from the position they had taken, and it seemed to be certain that the case would be tried in the federal courts.

That the attorneys for the steel trust are honest in their belief that they will win in the litigation is not doubted by some officials of the government, but at the same time these officials are quite as confident that the government will be successful in its efforts to bring about the dissolution of the great combination.

HOT WIRE CUTS OFF FOOT.

Strikes Workman and Burns Through
Flesh and Bone.

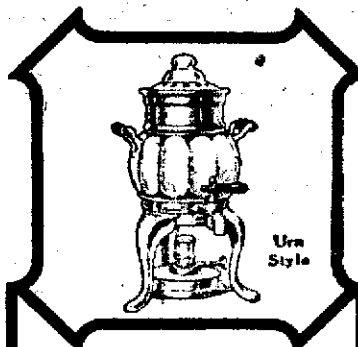

Hastings, N. Y., Dec. 22.—A length of copper wire, white hot and reduced to a diameter of one-sixty-fourth of an inch, was being whirled from the die of a reducing machine in the mill of the National Conduit and Cable company when George Mack, an operator, noticed that the big loop had become entangled. He stepped within the loop to give the glowing wire a turn with his tongue when it wrapped itself about his ankle.

The swift moving streak of hot metal cut like a knife through flesh and bone and his foot was completely severed.

UNIVERSAL

**Coffee Percolators
Lose No Aroma
in Steam**

Coffee boiled for any length of time in ordinary pots, or sprayed with boiling water, as in ordinary percolators, loses its fine aroma in steam. While good coffee can be made in ordinary coffee pot by experts, experts are rare.

The best coffee pot is the one which automatically completes the process before the water boils, and the "Universal" is the only one that fills this requirement.

This is the perfection of the drip process, circulating six to ten times as much water as any other percolator, consequently extracting a greater amount of the aromatic properties of the coffee.

Call at the store, see the percolators and ask for booklet describing them.

"PROBLEMS NOT SOLVED" Interesting Address by Secretary Kester in Y. M. C. A.

An interesting meeting was held at the Y. M. C. A. Sunday at 4:00 o'clock, when Secretary Kester talked on the subject, "Problems Not Solved." He briefly outlined several of the present day problems, among which are Mormonism, the drink evil, white slave traffic, crooked politicians, and others, taking for his text the passage, "Watchman, what of the night?" declared that a new day was breaking, in which the young men of the nation would do their part in solving many of the perplexing problems of the day.

Mr. Kester possesses a pleasing personality. His style is vigorous and forceful, and his address was greatly enjoyed by the men present.

The male quartet was present and rendered several selections.

Two Men in Fight. Two men indulged in a fight on Second street Saturday night and one of them came out of the fray with a broken leg and his nose badly smashed.

REORGANIZED FOR EFFECTIVE WORK Brotherhood of Trinity Methodist Church Meet

Almost a hundred men attended a re-organization meeting of the Methodist Brotherhood at Trinity church on Sunday evening. Wm. Boyce, the newly elected president, and Jos. E. Phillips the new secretary, were present.

For some weeks past the new officers have been working on plans looking toward the growth and improvement of the organization. At the meeting on Sunday evening, these plans were presented and received with enthusiasm by all present.

In the opinion of many the officers of the Methodist Brotherhood have evolved plans that should be largely copied by similar organizations. If the plans are carried out the membership may be largely increased without difficulty.

Among the committees to do active work is the social committee to look after the strangers who visit Trinity; a committee for visiting the sick and assisting the needy, a committee on cottage prayer meetings, etc.

The Trinity Brotherhood meets every alternate Sunday evening at 6:30 o'clock. A program of unusual interest is arranged at each meeting, each topic being discussed by four or more persons.

All men of Trinity church and all men of Clearfield not affiliated with any church organization are cordially invited to unite with this brotherhood.

AT THE OPERA HOUSE Free Show and Christmas Treat for the Children.

Next Thursday afternoon, Christmas day, at 2.30 Capt. Clark will give his annual Christmas tree festival with a free show and a box of candy to each and every child under 12 years of age. The show will consist of 3 reels of motion pictures and Drako's Dogs the largest and best known dog show on the road today. This show will please the older folks as well as the children.

However, the two biggest features of the entertainment, in the eyes of the children will be the big Christmas tree on the stage, beautifully decorated and the patron saint of the children, old Santa Claus, coming down the chimney to distribute the gifts.

In addition to the above treat there will be the guessing contest on the boy and girl guessing the nearest to the number of pennies in the jar will be given beautiful sleds. The guesses can be handed in at any time and the winners will be announced at this matinee. Parents should bring their children to this entertainment.

The pennies and sleds are in the window of the Progress office, in the Opera House building.

Gift boxes of finest chocolates, all sizes from half pound to five pound at Mrs. Cuneo's.

FOR SALE—3 pure bred Collie puppies. Address A. C. Reed, R. D. 4, Clearfield. Phone or write. Dec. 14-3t.

NEW STEEL CARS

New Coaches Running on the B. R. & P. Main Line.

For several days the Buffalo, Rochester and Pittsburgh railroad has been running new all-steel passenger cars on its trains between Pittsburgh and Buffalo. These cars replaced the all-steel cars which the company placed on the road about a year ago, and are the handsomest steel coaches that have been seen in this section of the state.

The cars are finished in mahogany and are fitted in a manner that pleases the traveler. The mahogany finish is restful to the eye as well as being ornamental.

The all-steel coaches which have been in use on the B. R. & P. for about a year are now in the shops for a thorough overhauling. When they have been repaired and refitted they will be used on the branch roads, and it will not be long before passengers between Clearfield and DuBois will be riding in all-steel cars.

A DOUBLE FUNERAL

The Two Victims of Mine Accident Buried at Woodland.

A very large double funeral took place at Woodland on Sunday, Dec. 21, at 2 P. M., those of Ephraim Calvin Learish, aged 35 years, 3 mo., 28 days, and James Albert Crummy, aged 21 years. Services in United Brethren church of Woodland. Interment in the Bradford cemetery.

The funeral was a specially sad one as the two men were killed by a fall of the roof while working in the Barrett coal mine together. Mr. Learish leaves a wife and seven children. Mr. Crummy leaves a young widow, who was a bride of only 24 days.

Rev. E. B. Learish of Dayton, Ohio, and Rev. I. J. Duke, of Rockwood, Pa., were in Woodland over Sunday, attending the funeral of Ephraim Calvin Learish, a rother and brother-in-law.

HETCH HETCHY ACT

President Signs Measure Against Private Tests of Public.

Washington, Dec. 22—President Wilson has signed the Hetch Hetchy bill, granting a public water supply to San Francisco. He accompanied his signature with a statement declaring that he believed the public needs of the region concerned were served by the bill without impairing the usefulness of the public domain.

The president's signature ends San Francisco's long fight for a city water supply site in the valley of the Tuolumne river in the northwestern part of the Yosemite National Park. San Francisco already owns a large amount of land in the Hetch Hetchy valley and under the new law may erect a huge dam, flooding government land, may construct conduits and buildings and construct a plant for the incidental production of water power to supply the city. It is expected that at least 10 years will be required to complete the work and carry the water through the 150 mile conduits to San Francisco.

The public protested against the desecration of the park, and an effort will be made to have the act repealed.

KILLED A BEAR Members of View Point Club Have Good Luck.

Several members of the View Point hunting lodge were out to the camp Saturday and while there a large bear was killed and taken to Pittsburgh.

There is some dispute as to which of the members killed the bear as nearly every man in the camp shot at him. Prothonotary Moore is certain that his bullet struck the bear but his modesty will not permit him to claim that his shot slew the animal. Those who know Mr. Moore's skill and bravery in the hunting woods feel certain that he either killed this bear or had a hand in its death.

Funeral of Miss Young. The funeral of Miss Young, daughter of Mr. and Mrs. Joseph Young, of Mt. Joy, who died last week, was held in Clearfield this afternoon.

MURDERER NOT SENTENCED

Court Postpone Action in Case Until Later

NEW REASON ADVANCED

Defense Presents Affidavit in Which Burke is Alleged to Swear That He Did Not Tell the Truth on the Witness Stand—Depositions of Witnesses to be Taken.

When court convened this morning Judge Smith stated that he had expected to dispose of the Huff murder case, but that an additional reason had been presented by the defense why sentence should not be imposed upon the wife murderer, and a new trial granted, thus postponing the court's action in the case.

Messrs. Liveright and Woodward, counsel for the defense, presented to the court an affidavit from Robert Morris, in which Morris swears that he was told by Burke, the alleged paramour of Mrs. Huff, that he had told an untruth while on the witness stand. Burke swore on the stand that he had never had proper relations with Mrs. Huff. Morris now asserts that Burke told him that he—Burke—swore to a falsehood and that he had been intimate with Mrs. Huff.

Says It's Important. As the defense regarded the testimony of Burke as very important, in showing the cause of the failure, and which Huff was thrown by his wife's conduct and as the court considered the alleged confession of Burke as sufficient reason for having the sentence of Morris investigated, the case was not disposed of this morning.

The depositions of the witnesses mentioned in the Morris affidavit will be taken as soon as possible, probably in DuBois, and then submitted to the court. The matter must be closed up before the first of January next.

Depositions Sufficient. James A. Gleason, Esq., represented the commonwealth in court this morning. Addressing the court he said that the best plan would be to have the witnesses in court in order that Judge Smith might have a chance to determine whether or not their testimony would be sufficient to determine in granting a new trial, but the court thought the depositions of the witnesses would be sufficient to determine this point.

COURT BUSINESS Case Against Dr. Waterworth Stricken From List.

In court this morning Judge Smith ordered the case of Lubens vs. Waterworth stricken from the list for cause.

Della Harrington, a girl from Utahville, was sent to the State Penitentiary, where she will be protected from falling into wayward ways.

Other motions and petitions were heard by the court and disposed of in accordance with Judge Smith's desire to have the docket pretty well cleaned up of such matters before the end of the year.

LACE FACTORY Curwensville May Get One in the Near Future.

The Mountaineer states that Curwensville may have a lace factory in the near future. Philadelphia and Glen Campbell capitalists have purchased about 240 acres of land in Curwensville, upon which it is expected that the Way Muffler company, new of Philadelphia, will erect a plant for the manufacture of its goods.

If this lace mill shall materialize it will give Curwensville a boom such as the town never dreamed of.

Good evening! See that your Christmas spirit does not come in a bottle.

The order of the State Live-stock Sanitary board is that all dogs not penned up, not being led or not muzzled must be disposed of. If you obey the quarantine law you will save your dog from the bullet of a representative of the law.

Everybody seems to be worrying over the probable result of the next Monroe court—everybody but Judge-elect Bell, who will have the disposal of the Monroe applications.

Make somebody else happy on Christmas, and you will find that you will enjoy the day more.

SHOOTING THE DOGS.

The killing of dogs whose owners have neglected or refused to obey the quarantine order may appear a heartless act, but the law must be complied with. The quarantine was established for the purpose of preventing the spread of rabies in this borough, where several persons have been bitten by dogs which suffered from rabies. It was necessary to establish this quarantine, and the burgess is determined that dogs that are allowed to run at large shall be muzzled or led by their owners.

Nobody wants to see valuable dogs killed, but nobody can find fault with the authorities for enforcing the quarantine order, for to neglect to protect the public from rabid dogs or dogs that are likely to become mad would bring condemnation of the people upon the heads of the authorities. For the next hundred days owners of dogs should see that they keep their dogs off the street, as this is the most humane method of acting, since muzzling is cruelty to the animals.

PROGRESSIVE PLANS.

The conference of earnest leaders of the Progressive party in ten counties in this section of the state, held at DuBois Thursday, was productive of much good. The conference demonstrated the fact that

Progressivism is not on the wane in this part of Pennsylvania and that there is just as much enthusiasm for the cause of honest government, the uplift of the people and exact justice for all of the people as there was when the four million voters stepped up to the polls and cast their ballots for the national Progressive ticket last fall.

The appointment of workers in each of the ten counties represented at the conference at DuBois was the preliminary to the organization of the entire district in preparation for the fight at the primary election next spring. It is proposed to wage such a campaign for good government next year as to cause every honest voter to rally to the cause of Progressivism. The committees which will be chosen at the primaries will be comprised of men who are earnest in their belief that only through the Progressive party can the people throw off the yoke of tyranny which has been placed about their necks by the bosses of the two old political parties.

Nothing that has happened in political circles since the revolt of the fair-minded men who saw the Penrose-Barnes machine steal the presidential nomination at Chicago to cause those voters who supported the cause of Progressivism to regret that step. Nothing has been done or promised by the bosses of the two old political parties to lead the people to believe that these bosses intend to do what the people ask. The Progressive voters are not fooled by the pleas of the Republican bosses that they go back into the Republican fold, but the truths enunciated in the Progressive national platform and uttered on the stump by Progressive speakers have made a deep impression upon the minds of many voters who last year failed to vote with the Progressive party.

Progressives in Clearfield county and in the nine other counties in this district are assured that the campaign to be waged by that party next year will be even more vigorous than that of last fall, and that with the assistance of those voters who see the hopelessness of expecting the Republican party to give the people justice the Progressive party will place in the gubernatorial chair in Pennsylvania a man who is not controlled by the Penrose machine, and in the United States senate a real representative of the better element of the people of the state.

Good evening! See that your
Christmas spirit does not come in
a bottle.

The order of the State Live-
stock Sanitary board is that all
dogs not penned up, not being led
or not muzzled must be disposed
of. If you obey the quarantine law,
you will save your dog from the
bullet of a representative of the
law.

Everybody seems to be worrying

license court—everybody but Judge-
elect Bell, who will have the dis-
pose of the license applications.

Christmas, and you will find that
you will enjoy the day more.

SHOOTING THE DOGS.

The killing of dogs whose owners
have neglected or refused to obey
the quarantine order may appear a
heartless act, but the law must be
compelled with. The quarantine was
established for the purpose of pre-
venting the spread of rabies in this
borough, where several persons have
been bitten by dogs which suffered
from rabies. It was necessary to
establish this quarantine, and the
burgess is determined that dogs that
are allowed to run at large shall
be muzzled or led by their owners.

Nobody wants to see valuable dogs
killed, but nobody can find fault with
the authorities for enforcing the
quarantine order, for to neglect to
protect the public from rabid dogs or
dogs that are likely to become mad
would bring condemnation of the peo-
ple upon the heads of the authorities.
For the next hundred days owners
of dogs should see that they keep
their dogs off the street, as this is
the most humane method of acting,
since muzzling is cruelty to the
animals.

PROGRESSIVE PLANS.

The conference of earnest lead-
ers of the Progressive party in ten
counties in this section of the
state, held at DuBois Thursday, was
productive of much good. The con-
ference demonstrated the fact that

Progressivism is not on the wane in
this part of Pennsylvania and that
there is just as much enthusiasm for
the cause of honest government, the
uplift of the people and exact justice
for all of the people as there was
when the four million voters stepped
up to the polls and cast their bal-
lots for the national Progressive
ticket last fall.

The appointment of workers in
each of the ten counties represent-
ed at the conference at DuBois was
the preliminary to the organization
of the entire district in preparation
for the fight at the primary elec-
tion next spring. It is proposed to
wage such a campaign for good
government next year as to cause
every honest voter to rally to the
cause of Progressivism. The com-
mittees which will be chosen at the
primaries will be comprised of men
who are earnest in their belief that
only through the Progressive party
can the people throw off the yoke of
tyranny which has been placed about
their necks by the bosses of the two
old political parties.

Nothing that has happened in poli-
tical circles since the revolt of the
fair-minded men who saw the Pen-
rose-Barnes machine steal the presi-
dential nomination at Chicago to
cause those voters who supported the
cause of Progressivism to regret that
step. Nothing has been done or
promised by the bosses of the two
old political parties to lead the
people to believe that these bosses
intend to do what the people ask.
The Progressive voters are not fool-
ed by the pleas of the Republican
bosses that they go back into the
Republican fold, but the truths enun-
ciated in the Progressive national
platform and uttered on the stump
by Progressive speakers have made
a deep impression upon the minds of
many voters who last year failed to
vote with the Progressive party.

Progressives in Clearfield county
and in the nine other counties
in this district are assured that the
campaign to be waged by that party
next year will be even more vigor-
ous than that of last fall, and that
with the assistance of those voters
who see the hopelessness of expect-
ing the Republican party to give the
people justice the Progressive party
will place in the gubernatorial chair
in Pennsylvania a man who is not
controlled by the Penrose machine and
in the United States senate a real
representative of the better ele-
ment of the people of the state.

NOTICE—Store Open Until 10:00 P. M. To-Night !

On account of the nearness of Christmas and desiring to give everyone the best store service the last few days before Christmas this store will remain open until 10 P. M. We have arranged the hours of all female help so that they work within the time specified by the State law. Some of our force commence at 10 A. M., some at 9 A. M. and some at 8 A. M., and those under age stop at 9 P. M.

GIFT CHATS

Each year is sold more and more warm Bed Covering at Christmas time, and never before has this store shown such wide range of choice, from a white cotton-filled Comfort for a dollar up to the silk-covered wool-filled one for ten dollars.

There are two reasons why our Linen Department is doubling the amount of sales over previous years. Never before have we shown so many pretty Linen pieces at such low prices as is now possible under the new tariff laws, and the tendency each Christmas season to the giving of more sensible, practical and useful gifts.

An appreciated gift—Silks for waists and gowns. We are showing many new and novel effects in plain and fancy Silks, put up in a handsome gift box.

If you are looking for a practical home gift where every member of the family will enjoy it every day in the year, get one of the pretty Floor Rugs shown in the Basement, priced special at 98c, \$1.50 and \$2.95 as to size.

Beautiful variety of Neckwear for Women still left. Fancy bows, fichus, jabots, stock collars, coat sets and rushings; comes in fancy boxes. Prices 25c, 50c, 75c, \$1.00.

How many of your friends do you suppose would be delighted with a Leather Suit Case or Traveling Bag for Christmas? We are showing some very excellent styles from \$1 up to \$10.

When you have turned your thoughts over and over in your mind regarding a Christmas problem, just remember that in the Muslin Underwear Department are dainty gar-

GIFT CHATS

ments, put up in neat attractive boxes that will make your friends real glad.

We are showing a decided novelty in the shape of genuine Oil Paintings from Tokyo, Japan. The dainty little Paintings cover a wide range of subjects: Tokyo Bay, Beautiful Snow-capped Fuji, Temples at Nikko and bits of Mountain Scenery are particular favorites. These make ideal gifts. They are being shown in Clearfield for the first time at our Stationery booth.

Silk Stockings for Women and Misses never yet have failed to make a hit at Christmas time. They will be mighty acceptable. In a pretty box they'll be sure to please. A wonderful assortment of styles, prices and colors.

For a young lady who indulges in Winter sports, we have a particularly good Sweater to tell you about. It is pure wool, Shaker knit, extra heavy coat, full fashioned and made with heavy shawl collar and two pockets. We have it in navy, maroon, red and brown at \$6.95.

We doubt if you could possibly buy anything for mother a Christmas gift that would please her more than a dress form, at \$3.50. Ask to see them at the dress goods counter. Home dressmaking made easy. A help to mother all the year.

For Mr. Man—A bill book, a combination bill and coin purse or a three-fold bill holder. Any of these—and he will like them.

For a small and inexpensive gift there are displayed in Center Aisle hundreds of pretty novelties at a quarter and 50c.

One of the busiest places in the store these days is the Perfume

GIFT CHATS

counter in Cross Aisle; the best of perfumes and toilet water in dainty Holiday boxes make nice gifts, inexpensive, too. 25c, 50c and \$1.00.

The form which gifts are presented often impresses the recipient as much as the gift itself. That is why we provide the pretty boxes in different sizes at 5c each.

Get him a Neck Scarf, Suspenders or Half Hose. We have them in separate or combination, put up in attractive boxes.

A Muffler is an absolute necessity to many a man and woman. There is no more sensible gift. We have some excellent mercerized styles at 25c and 50c, in most any color.

A pretty Handkerchief. Was there ever a time when Milady did not exclaim over it? You can please her immensely with some of these dainty embroidered Handkerchiefs that are to be seen at our Handkerchief booth for 10c, 25c and 50c each.

You can pay as little as 10c or as much as a dollar for a nice box of Stationery, and in any case you can make no mistake.

Toys at half price may seem a strange price card for the days before Christmas, but a visit to our Toyland in the Basement will bring you to a large table full of Toys, Games, etc., that are more or less soiled or mused from handling that will be closed out quickly for just one-half of former prices.

If you want to see some pretty Dressed Dolls for 25c and 50c each, visit Doll section in the Basement.

An Apron—why not? Pretty ones for 25c, sample of course, but dainty. Others, a little more dainty, made of finer, more sheer material and

GIFT CHATS

more elaborately trimmed, up to \$1.50.

For mother, wife or sister a warm Bath Robe will be most welcome. You'll find some new arrivals, priced \$5.00 each, that are rich and beautiful; delicate shades as well as the brighter and darker ones.

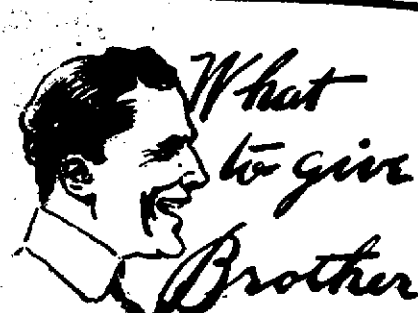

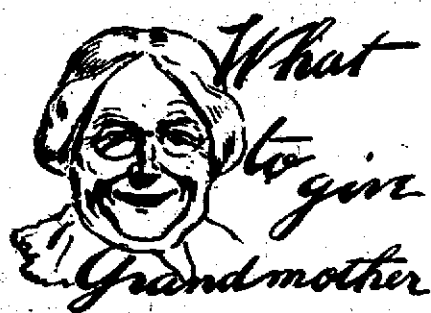

Pullman Slippers for the man or woman who has occasion to travel will be found a great comfort and convenience; made of thin leather in black or tan and put up in neat, soft leather case.

Can you think of anything that would please mother more than a Vacuum Cleaner for Christmas? Practical and useful every day of the year. \$8.00 Dustless Vacuum Cleaners, 5.95. \$12.00 Queen Louise Cleaners, \$9.50.

Nothing in Basketry is more is more admired than these highly artistic examples from Japan. Fruit baskets, Sandwich baskets, flower and fern baskets. All are beautifully colored in rich mahogany red, shading to black, at \$1.75 to \$2.50.

Sweet Grass Baskets in many pretty shapes and different sizes. Fill many an inexpensive gift problem, 25c to \$1.00.

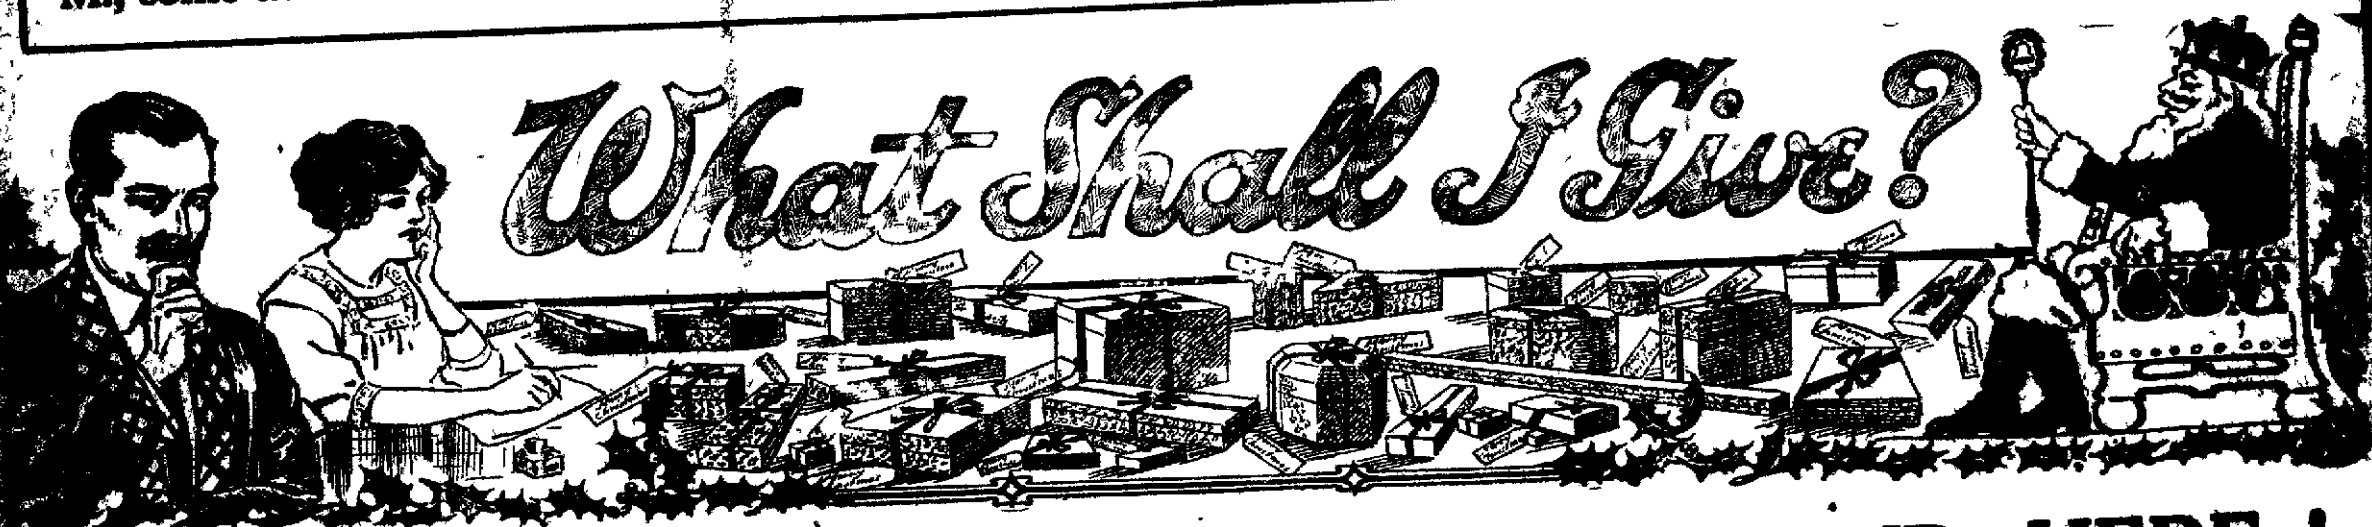

There is never a time in the year when one has too many Umbrellas. For that very reason you can never make a mistake by giving at Christmas time an Umbrella, nor will you find anywhere so fine a selection of new, up-to-the-minute Umbrellas as we are showing to-day, from \$1.00 up to \$5.00, in black and colors. The Suit Case Umbrellas, with two interchangeable handles and folding frame and silk cover, packed in neat black box, at \$4.00, is a practical, useful present. You need not hesitate to give it to anyone.

Federal Officials Cheered by Telephone Dissolution.

STEEL TRUST MAY FIGHT.

New York, New Haven and Hartford and Sugar Combination Said to Be Planning Voluntary Dissolution—U. S. Steel Corporation Expects to Win Suit.

Washington, Dec. 22.—Inquiry in official circles indicates that officers of the administration were satisfied that the agreement with the American Telephone and Telegraph company to dispose of its Western Union stock and otherwise comply with the demands of the department of justice soon would be followed by the voluntary dissolution of other mergers.

There is a confident feeling among those officials who have knowledge of the character of the negotiations now in progress between Attorney General McReynolds and representatives of the New York, New Haven and Hartford railroad system that an agreement soon will be reached for a settlement that will obviate any action in the way of government prosecution of the New Haven under the Sherman law. Advice received at the department of justice from Howard Elliott, the executive head of the New Haven system, show that he is making progress in his efforts to arrange a plan of voluntary dissolution that will meet the attorney general's requirements. Mr. Elliott is expected in Washington this week, and it is believed that he will come here armed with authority from his fellow directors to bring about the dissolution of the New Haven's troubles with the United States.

Sugar Trust May Be Next. In official circles it is believed that the effort to have the American Sugar

Refining company dissolved as a combination in restraint of trade will be successful. It was said that these negotiations had not been of a formal character, but exchanges between the attorney general and representatives of the so called sugar trust had indicated that within the near future active efforts to have the sugar company conform to the law would be initiated. Officials were reticent in discussing the sugar company. They explained their reticence by saying that nothing tangible had been undertaken and did not like to create the impression that arrangements looking to a dissolution of the sugar combination were well under way. They did say, however, that there was good reason for the hopeful feeling.

Apparently there is no foundation for reports that an agreement is in prospect for a settlement of the government's suit against the United States Steel corporation. Officials of the department of justice were frank to say that the representatives of the steel corporation had shown no inclination to recede from the position they had taken, and it seemed to be certain that the case would be tried in the federal courts.

That the attorneys for the steel trust are honest in their belief that they will win in the litigation is not doubted by some officials of the government, but at the same time these officials are quite as confident that the government will be successful in its efforts to bring about the dissolution of the great combination.

HOT WIRE CUTS OFF FOOT.

Strikes Workman and Burns Through Flesh and Bone.

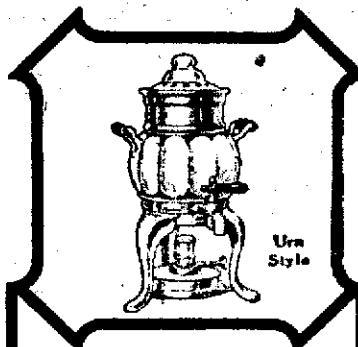

Hastings, N. Y., Dec. 22.—A length of copper wire, white hot and reduced to a diameter of one-sixty-fourth of an inch, was being whirled from the die of a reducing machine in the mill of the National Conduit and Cable company when George Mack, an operator, noticed that the big loop had become entangled. He stepped within the loop to give the glowing wire a turn with his tongue when it wrapped itself about his ankle.

The swift moving streak of hot metal cut like a knife through flesh and bone and his foot was completely severed.

UNIVERSAL

Coffee Percolators Lose No Aroma in Steam

Coffee boiled for any length of time in ordinary pots, or sprayed with boiling water, as in ordinary percolators, loses its fine aroma in steam. While good coffee can be made in ordinary coffee pot by experts, experts are rare.

The best coffee pot is the one which automatically completes the process before the water boils, and the "Universal" is the only one that fills this requirement.

This is the perfection of the drip process, circulating six to ten times as much water as any other percolator, consequently extracting a greater amount of the aromatic properties of the coffee.

Call at the store, see the percolators and ask for booklet describing them.
